Recent research indicates that any given post only reaches 6% of your fans, and that number continues to decline! Here's the simple math: Out of every 100 of your page fans, less than 6 of them (on average) will see a post from your page. Want to expose more people to your Facebook page content? Well show you how in just 3-easy steps.

**Step 1.** In this new roundup, we've added gReader, Feeder, Reeder, and Panda and removed Fever, FeedDemon, Pulp, Reader+, and Press. **Tutorials How To Set Up A Facebook RSS Feed Reader Application For Your Blog > . \$19.99 Mac; \$7.99 iOS Mac, iOS gReader** For a simple way to get the news on Android, gReader is one of the most popular options. Today, there are still a number of great RSS tools that are actively being improved, apps you can use to follow your favorite sites from powerful crowd favorites like Feedly to simple Chrome extensions like Feeder. **Blog Home The 12 Best RSS Reader Apps to Follow Your Favorite Blogs, Sites, and Feeds Vicky Cassidy / April 26, 2017 .** When a fix is in place, we will update the post.]

**Step 2.** It includes a standard three column layout with your feeds, articles, and a preview of the original story by default. It even includes gestures: Pull up on an article to go to the next one, pinch to parse the article text, and swipe up to share a piece. RSS is one of the oldest parts of the internet, but even in today's social media-addicted world, it's still useful. **Inoreader Price: Free with ads; from \$14.99/year Starter Plan for ad-free reading with customizable dashboard Selfoss (Self-hosted Web, 3rd party iOS, Android) Best for: Customizing your RSS reader** Want to host an RSS reader app on your own server? Selfoss is one of the best options for that today (along with the aforementioned NewsBlur). Try Zapier Free . And with its companion iOS apps for feeds and podcasts, you can keep your important news with you everywhere. Try Zapier Free Email me about new features. It's a file that most websites update with their newest blog posts, videos, deals and more, so you can "subscribe" to sites and have new content automatically pushed to you. It's teamwork, but simpler, more pleasant and more productive. Route the updates to Twitter, LinkedIn, Tumblr and more. Searches can be saved to create dynamic feeds to find future articles, and you can even automate actions to send an alert if certain criteria are met using the "News Filter" feature. .. You can then share your favorite articles on social networks or broadcast them within Inoreader, which shares your favorite content with your followers. However, we are happy to report a new super easy way to create an RSS feed using a tool called Zapier.

**Step 1:** First, you will need to create a Zapier account. Once done, follow the steps below to create a Facebook RSS feed. This recipe will make it incredibly easy to supercharge your social media and dlvr.it accounts. **Get Started with Your Facebook RSS Feed Click Make a Zap!. Premium Web Bloglovin' A social news reader mixed with an RSS app, Bloglovin' lets you browse popular articles by topic and follow your favorite sites via RSS. Log in with Facebook Log in with Twitter Log in with Google Your name or email address: Do you already have an account? No, create an account now.. Then I fill in a support email address (should be an address where you or your fellow developers can be contacted). Select Create Item in Feed and then click Save + Continue.** The internet is overloaded with content. Web, iOS, Chrome Feedbin Advanced search \$3/mo. But if you're struggling to find the perfect tool, the best tool might just be one you're already using. Automate tasks. Click on Submit afterwards: You should now be on the My Applications page where you can find the API Key and the Secret for your app. **Panda Price: Free; \$4.99/month for no ads, unlimited feeds, and integrations Feedbin (Web) Best for: Advanced search** Another very popular RSS app is Feedbin 5a02188284
